

 **NALINI**

MAN COLLECTION

FALL WINTER 2025 | 2026

MADE IN ITALY COLLECTION

LET YOUR
PERSONALITY

BREAK
THROUGH

NALINI

THIS IS US

At the end of the 1960s Vincenzo Mantovani, a former professional cyclist, founded a craft workshop, which soon turned into an actual factory: MOA Sport.

Over the years Nalini has partnered with the greatest cycling champions and, under the leadership of Vincenzo's brother, Claudio, the company has kept growing and has consolidated its position as one of the leading suppliers to successful brands in the field of international cycling.

MADE IN ITALY

Italian creativity, craftsmanship and expertise are just a few of the strong points at the base of the longevity of NALINI.

EXPERIENCE

Nalini is an industrial company with an experience of over 50 years, which prides itself on its craftsmanship, its high quality and its attention to detail.

TECHNOLOGY

NALINI's highly specialized technicians and designers will guide you step by step through the development process and will use their experience to come up with solutions tailored to your needs.

SUSTAINABILITY

We use the renewable energy that we generate thanks to our photovoltaic panels on top of our buildings. We recycle and give new life to all the wastage resulting from production. For some articles of our collection and those of our clients' we use recycled fabrics and accessories.

DRESS LIKE A PRO

A history of champions.

Giro d'Italia, Tour de France, Vuelta a España are just some of the prestigious competitive races in which Nalini has indirectly participated thanks to the athletes who have chosen to wear Nalini garments.

The freedom of movement, the excellent construction of the garments and, above all, the careful selection of fabrics have a decisive impact on the athletes' performance, enabling them to constantly reach new goals.

SYMBOLS LEGEND

The temperatures are indicative only, as they depend on the athlete's perceived thermal comfort and on the combination of garments worn together.
Le temperature sono puramente indicative: dipendono dalla percezione termica dell'atleta e dalla combinazione degli articoli indossati.

The pictures and descriptions in this catalogue are indicative. Moa Sport reserves the right to modify or improve its products at any moment without prior notice. The colours have been reproduced with the accuracy allowed by the printing process.

ICEKEY

IN CASE OF EMERGENCY

Integrating some of the garments in the collection with a device that provides greater protection for those who pedal goes hand in hand with the constant research and development of new solutions that Nalini deploys as valuable allies for increased safety for its cyclists.

ICE-KEY TAG is a device that, thanks to NFC (Near Field Communication) technology, allows you to keep and have your personal data and medical information with you at all times, which can be viewed by leaning the back of a smartphone against it. With the ICE KEY TAG application, connected to your device, you can send direct calls and SMS with geographic location to ICE numbers with a simple "click" and you can connect to 112 NUE operations centers. The ICE KEY TAG application allows you to view your documents and alerts you when their expiration date is approaching. If you are abroad, no problem: the information you enter in your profile can be viewed simultaneously translated into 7 languages. You can also enter, edit, delete or consult your information directly from the web, on your ICE-KEY page synchronized with your profile in the ICE-KEY TAG app. Your information will then always be with you, on the Nalini clothing with ICE-KEY TAG. Find out which one these are.

See the user manual at page 126.
Vedi le impostazioni di utilizzo a pagina 127.

La scelta di integrare alcuni capi della collezione con un dispositivo che garantisca una maggiore tutela per chi pedala, si affianca alla ricerca costante e allo sviluppo di nuove soluzioni che Nalini mette in campo come validi alleati per una maggiore sicurezza delle proprie cicliste e dei propri ciclisti.

ICE-KEY TAG è un dispositivo che, grazie alla tecnologia NFC (Near Field Communication), permette di custodire e di avere sempre con te i tuoi dati personali e le tue informazioni mediche, visualizzabili appoggiando ad esso il dorso di uno smartphone. Con l'applicazione ICE KEY TAG, collegata al tuo dispositivo, puoi inviare chiamate dirette e SMS con la posizione geografica ai numeri ICE con un semplice "click" e puoi collegarti alle centrali operative del 112 NUE. L'applicazione ICE KEY TAG consente di visualizzare i tuoi documenti e ti avvisa quando si avvicina la loro scadenza. Se sei all'estero, non c'è problema: le informazioni inserite nel tuo profilo sono visualizzabili simultaneamente tradotte in 7 lingue. Puoi inserire, modificare, eliminare o consultare le tue informazioni anche direttamente dal web, nella tua pagina ICE-KEY sincronizzata con il tuo profilo nell'app ICE-KEY TAG.

Le tue informazioni saranno quindi sempre con te, sui capi di abbigliamento Nalini con ICE-KEY TAG. Scopri quali sono.

ERGO

WHERE'S YOUR FINISH LINE?

HP ERGO WARM JKT

03388201100000.I0

HP Ergo Warm Jacket is the new and highly protective winter jacket conceived to be a proper shield which protects the rider from the cold, the wind and the humidity, thanks to the three layers-fabric. The insulating inside layer is soft, warm and three-dimensional, facilitating the transpiration. Transpiration is also facilitated by four strategic openings which allow the so-called chimney effect: two with flap and inside mesh on the back and two with zip and inside mesh in the underarm area. These four openings create ventilation and consequently the drying and transpiration of the sweat, this ventilation can be modulated in the underarm by opening the zips when climbing and closing them in downhill descents. This jacket allows you to be out on a bike also with temperatures that go from -3°C to 5°C. The jacket is now provided with the new ICE KEY DEVICE.

TECHNICAL FEATURES:

- Ergonomic jacket in 3L fabric, coating and three-D inside layer
- Full-length reverse cam-lock zipper YKK® with inner windproof flap and zipper garage
- Side panels in warm structured stretch fabric
- Two adjustable zippered underarm ventilation openings, plus two ventilation openings with flap on back
- Reflective logos for high visibility
- Elastic band with silicone gripper at bottom hem
- Small accessory pocket on the right arm
- ICE KEY device

TECNICITÀ:

- Giacca ergonomica in tessuto 3 strati con spalmatura e strato interno tridimensionale isolante
- Lampo lunga divisibile con flap interna antivento
- Due aperture laterali per aerazione regolabili tramite zip
- Due flap posteriori per l'aerazione e fuoriuscita sudore
- Loghi rifrangenti ad alta visibilità
- Tessuto stretch goffrato per i pannelli laterali
- Elastico grippante con silicone al fondo giacca
- Piccola tasca porta accessori al braccio destro
- ICE KEY tag

HP ERGO LIGHT WARM JKT

03387901100000.10

Hp Ergo Light Jacket is the ideal garment for days of great weather instability. Lightweight yet waterproof and windproof, thanks to the outer membrane, it is ideal for both less cold winter days and mid-season outings. The stretch fabric allows maximum freedom of movement and provides unique breathability. Ideal worn as a single layer on less cold days, it is also perfect paired with a warmer jersey for winter outings on days with harsh weather. The jacket is equipped with the new ICE KEY DEVICE safety device.

TECHNICAL FEATURES:

- Softshell jacket, long sleeve in waterproof and windproof material
- Fleece fabric on the inside
- Full-length front covered zipper YKK® with inner wind protection flap
- Elastic gripper at bottom hem
- White and grey reflective logos
- Reflective logos front and back
- ICE KEY device

TECNICITÀ:

- Giacca di medio peso a manica lunga con membrana antivento e antipioggia
- Tessuto interno garzato
- Lampo lunga nascosta YKK® con flap antivento
- Elastico grippante al fondo giacca
- Piping rifrangente su elastico posteriore al fondo
- Loghi rifrangenti davanti e dietro
- ICE KEY tag

MISURINA LIGHT SS

[03477301100C000.IO](https://www.misurina.com/03477301100C000.IO)

Misurina Light SS is a short-sleeved, stretchy and breathable softshell jersey: the ideal garment for days of unstable weather and possible rain thanks to its membrane, which gives waterproof and windproof properties.

The two strategic openings located on the back, with a flap and internal mesh, allow perfect ventilation that allows perspiration to be wicked away and quick drying so that the garment is always dry on the skin.

Hp Misurina Light is the perfect thermal garment to adapt to non-extreme temperatures and therefore ideal even in mid-season. It can be used simply with a base layer or with a long-sleeved jersey when the temperature is cooler.

TECHNICAL FEATURES:

- Long-sleeved thermal jersey with windproof and rainproof outer membrane
- Thermal and textured fleeced fabric in the upper part
- Full-length front cam-lock zipper YKK® with inner windproof flap
- Elastic band with silicone gripper at bottom hem
- Laser cut cuff in stretch water-repellent fabric of 2,5 layers
- 3 expandable back pockets with reflective piping
- White reflective logos for high visibility
- Zipper gage on top and bottom

TECNICITÀ:

- Maglia termica a maniche lunghe con membrana esterna antivento e antipioggia
- Tessuto termico e felpato nella parte superiore
- Lampo lunga nascosta YKK® con flap antivento
- Elastico con silicone grippante al fondo maglia
- Polsino tagliato a laser in tessuto idrorepellente stretch a 2,5 strati
- 3 tasche posteriori espandibili con profili riflettenti
- Loghi bianchi infrangenti per un'alta visibilità

ERGO WARM JERSEY

03475401100C000.IO

Thermal jersey tight-fitted but extremely comfortable. The sleeves are made of textured fabric with a 3D surface that makes it water-repellent and gives it greater aerodynamics. The jersey is thus ideal for wearing as an exerno garment on milder days or in combination with a vest on colder days.

The new cuff construction, with laser-cut stretch fabric, avoids bulky fabrics under the glove. The thermal fabric used in the body is highly stretchy and plush, making this jersey especially soft and comfortable to wear.

TECHNICAL FEATURES:

- Long sleeve thermal jersey
- Thermal and textured fleeced fabric in the sleeve part
- Full-length front cam-lock zipper YKK® with inner windproof flap
- Elastic band with silicone gripper at bottom hem
- Laser cut cuff in stretch woven
- 3 expandable back pockets with reflective piping
- White reflective logos for high visibility
- Zipper garage on top and bottom

TECNICITÀ:

- Maglia termica a manica lunga
- Tessuto garzato termico e texturizzato per le maniche
- Lampo lunga YKK® con tiretto cam lock e patella antivento per tutta la lunghezza
- Elastico con silicone grippante al fondo maglia
- Polsino con taglio al vivo in tessuto navetta
- 3 tasche posteriori con piping rifrangente
- Loghi davanti e dietro eseguiti con transfer reflex
- Zip garage sopra e sotto

HP XWARM SUIT

[034856011000000.IO](https://www.icekey.com/034856011000000.io)

Ergonomic winter skinsuit, made to performance and elegance.

The suit offers medium-to-high thermal protection thanks to upper panels of three-layer fabric enhanced by a wind-guard membrane.

It simultaneously provides a slim, streamlined fit.

The front zipper with horizontal opening makes putting on and taking off the suit easier and faster.

Textured fabric on the legs enhances performance and gives a very stylish look. The suit is now equipped with the new ICE KEY DEVICE.

TECHNICAL FEATURES:

- 3 Layer fabric with windproof membrane
- Therman layer at belly with full-length front cam-lock zipper YKK® with inner windproof flap
- Stretch thermal fabric with WR treatment on back and legs
- Ergonomic shape of collar and cuffs
- 3 expandable back pockets with perforated fabric and reflective flaps
- White reflective logos for high visibility
- ICE KEY device

TECNICITÀ:

- Parte frontale in tessuto 3 strati con membrana antivento
- Corpino al ventre garzato e apertura regolabile tramite zip e patella sottostante
- Sagomatura colletto e polsini
- Termo nastrature sulle spalle
- Zona dorsale e gambe in tessuto stretch garzato con trattamento WR
- Tasche traforate con alette reflex
- Loghi bianchi rifrangenti
- Fondello preformato con zone a sostegno differenziato, in tessuto di microfibra stretch riciclata
- ICE KEY tag

VENTURES

GET LOST TO FIND YOURSELF

MANTO WARM JKT

03473701100C000.I0

Manto Warm JKT is the perfect windproof hooded jacket companion for all kinds of activities. It is a true shell-jacket, designed for winter bike rides, it is also ideal for all outdoor activities thanks to its rain and windproof properties. Made of three-layer fabric with coating and DWR (Durable Water Repellent) treatment.

The high technical qualities of the fabric structure ensure water and wind resistance with a water column of 10,000 mm, and the three-dimensional fabric interior grants ideal thermoregulation and excellent breathability. Enriched with ergonomic hood that can also be worn over the helmet and is removable thanks to a zipper and 3 pockets, one large back and two zippered side pockets, it is the ideal jacket for bike rides on days with harsher weather, for outdoor activities and for a sporty look in everyday life.

TECHNICAL FEATURES:

- Ergonomic 3-layer fabric jacket with DWR coating
- Insulating and warm 3-dimensional inner layer
- YKK® long zipper with cam lock puller
- Ergonomic helmet-wearable, removable zippered hood
- Large back pocket with zippered closure
- 2 zippered side pockets
- Also ideal as an everyday garment

TECNICITÀ:

- Giacca ergonomica in tessuto 3 strati con spalmatura DWR
- Strato interno tridimensionale isolante e caldo
- Lampo lunga YKK® con tiretto cam lock
- Cappuccio ergonomico indossabile con il casco e removibile con zip
- Ampia tasca posteriore con zip di chiusura
- 2 tasche laterali con zip
- Ideale anche come capo per la vita di ogni giorno

HP EMBOSSED JKT

033917011000000.10 | *033918011000000.10

HP Embossed Jacket is the highly technical, high-performance jacket designed for cyclists who don't give up a trendy, sporty look. The unique embossed design in the padded middle part offers thermal insulation, wind protection and a unique style for a sporty garment. The perfect companion for outings on colder days and also ideal for a sporty leisure look. The jacket's construction ensures total freedom of movement, comfort and thermoregulation without sacrificing a cool and fresh look. The jacket is equipped with the innovative ICE KEY safety device.

TECHNICAL FEATURES:

- Jacket with thermal and shaped fabric for front and back
- Sleeves in thermal gauzed fabric with aquazero treatment
- Comfort stretch fabric on back with water repellent treatment
- Collar with gauzed inner layer
- Long divisible zipper with windproof inner flap
- Side pocket with vertical zipper in water repellent fabric
- Elastic gripper with silicone at bottom of jacket
- Patch on center back pocket for light insertion
- ICE KEY tag

TECNICITÀ:

- Giacca con tessuto termico e sagomato per davanti e carrè
- Maniche in tessuto termico garzato con trattamento DWR
- Tessuto comfort stretch sulla schiena con trattamento water repellent
- Collo con strato interno garzato
- Lampo lunga divisibile con flap interno antivento
- Tasca laterale con zip verticale in tessuto idrorepellente
- Elastico grippante con silicone al fondo giacca
- Patch su tasca centrale posteriore per inserimento luce

COLEOTTERO JKT

034705011000000.10

Coleottero Jacket is the jacket that provides maximum visibility. Made of highly reflective and iridescent fabric, it offers unique visibility even on less sunny days.

The outer layer is made with DWR (Durable Water Repellent) coating to deal with rain and moisture, and in lightweight stretch fabric it offers a comfortable fit and total freedom of movement for shoulders and arms. Ideal for mid-season outings, it is perfect to pair with underwear and a jersey when the weather gets colder.

Mesh back pockets provide lightness and aerodynamics to the garment.

TECHNICAL FEATURES:

- Jacket made of highly reflective and iridescent fabric
- Sleeves in soft, stretch fabric
- Long divisible zipper with internal windproof flap
- Lightweight mesh back pockets
- Silicone gripper elastic at bottom of jacket

TECNICITÀ:

- Giacca in tessuto altamente rifrangente e cangiante

HP EMBOSSED VEST

03391601100000.I0

HP Embossed Vest is the ideal mid-layer vest for winter outings on milder days.

The unique and elegant embossed design on the padded surface makes it windproof and thermal: the perfect garment to wear over a winter jersey when the weather permits.

Functional, practical and eye-catching. Stretch fabric on the back improves breathability, ergonomics and fit of the garment. The vest is equipped with the new ICE KEY device.

TECHNICAL FEATURES:

- Technical fleece fabric with a specific pattern for front and back of the torso in order to give insulation
- Back and side panels in comfort stretch fabric to provide superior breathability and elasticity
- Full-length front zipper YKK® with inner wind protection flap
- Collar with inner fleece warm lining
- 3 rear back pockets
- Patch-hook on the rear pockets to hang a security light
- External elastic at bottom hem with silicone
- ICE KEY device

TECNICITÀ:

- Tessuto antivento, termico e sagomato per la parte anteriore e carrè
- Inserto schiena, in tessuto comfort stretch per una massima traspirazione ed elasticità
- Pannello posteriore per zona tasche
- Lampo lunga YKK® con flap interno antivento
- 3 capienti tasche posteriori

NEW ADVENTURES BIB TIGHT

03416101100C000.I0

Ergonomic bib tight made of a 3D textured fabric, that ensures thermal protection, comfort and high visibility. The fabric is provided with a Durable Water Repellent treatment that makes it particularly adapt to the humid winter days. The high visibility inserts at both calves are also functional to low visibility winter days, and it mounts a top of gamma thermo-shaped pad with high density foams and differentiated thickness.

TECHNICAL FEATURES:

- Ergonomic bib tight in thermal stretch fabric with hexagon structure
- DWR treatment applied
- Wide high visibility inserts at both calves
- Warm mesh on back upper part, with micro holes in the fabric and opening in the construction, for an improved transpiration
- Reflective silver logos
- Thermo-shaped pad with high density foams and differentiated support areas, in bioceramic stretch fabric

TECNICITÀ:

- Bib in tessuto termico stretch con struttura esterna ad esagono
- Inserti in tessuto reflex alta visibilità ad entrambi i polpacci
- Trattamento DWR
- Corpino in rete termica con microfori nel tessuto e apertura nella costruzione per una maggiore traspirazione
- Loghi silver reflex
- Fondello privo di cuciture con spugne reticolate ad alta densità e zone a sostegno differenziato, in tessuto stretch bioceramico.

FREEDOM BIB TIGHT

03303601100C000.I0

The Freedom Bib Tight is the garment that offers maximum comfort and protection during outings in variable weather conditions. Distinctive element is the total freedom of movement achieved thanks to the fully assembled structure with flat lock seams, which prevents irritation and chafing during activity. Made of thermal stretch fabric, it provides excellent thermoregulation, keeping the body warm even on the coldest days. Thanks to DWR (Durable Water Repellent) treatment, it offers protection against moisture and rain while providing optimal breathability to prevent sweat buildup. The Freedom Bib Tight features two handy leg pockets, ideal for storing small personal items, and a warm mesh on the upper back that provides stability and comfort even during longer rides. The thermoformed pad with high-density, differentiated foams distributes pressure evenly, providing optimal support even during the most demanding rides. The recycled stretch fabric cover emphasizes a focus on sustainability without compromising performance. Made in the trendiest colors, Freedom Bib Tight combines style, functionality and innovation to meet the needs of cyclists of all levels.

TECHNICAL FEATURES:

- Ergonomic bib tight in thermal stretch fabric available in fashionable colors
- Two practical gravel mesh pocket on legs' side
- DWR (Durable Water Repellent) treatment applied
- Warm mesh on back upper part
- Reflective white logos
- Thermo-shaped pad with high density foams, differentiated support areas, recycled external fabric

TECNICITÀ:

- Bib in tessuto termico stretch disponibile in colori di tendenza
- Due pratiche tasche gravel in rete sulle gambe
- Trattamento DWR (Durable Water Repellent)
- Corpino in rete termica
- Loghi bianchi reflex
- Fondello tecnico preformato, privo di cuciture con spugne ad alta densità e zone a sostegno differenziato che protegge dalle vibrazioni, copertura in tessuto stretch riciclato

TRENDY BIB SHORT

03429601100000.I0

Trendy Bib Short is the ideal short bib for milder winter and mid-season days.

Made of double-faced fabric, very compact to protect against wind and moisture and lightweight to ensure maximum breathability.

With two large mesh side gravel pockets, it is ideal for longer rides. The white logos are reflective to ensure visibility.

The back bodice is lightweight and highly breathable while the suspenders are made of highly structured and compact elastic. It mounts a pad with high-density sponges and differentiated support zones with recycled stretch fabric cover, ideal for long gravel rides even on very rocky and uneven trails.

TECHNICAL FEATURES:

- Bib made of compact, ungauzed fabric
- Two handy mesh gravel pockets on legs
- Breathable mesh bodice
- Compact, structured elastic suspenders
- White reflex logos
- Pre-shaped, seamless technical pad with high-density sponges and differentiated support zones that protect against vibration, recycled stretch fabric cover

TECNICITÀ:

- Bib in tessuto compatto e non garzato
- Due pratiche tasche gravel in rete sulle gambe
- Corpino in rete traspirante
- Bretelle in elastico compatto e strutturato
- Loghi bianchi reflex
- Fondello tecnico preformato, privo di cuciture con spugne ad alta densità e zone a sostegno differenziato che protegge dalle vibrazioni, copertura in tessuto stretch riciclato

COLOR & FUN

BACK TO THE ESSENTIAL

PURE ROAD JKT

03484901100C000.10

Pure Road Jacket is the jacket that combines optimal weather protection with unique breathability and comfort, thanks to stretch fabrics inserted in the most strategic areas. Perfect for coping with the harshest weather conditions thanks to the three-layer fabric and DWR (Durable Water Repellent) coating on the outer layer, while the textured inner layer allows for extraordinary breathability. Pure Road Jacket is the jacket with Nalini's unmistakable sporty and essential desing.

TECHNICAL FEATURES:

- Jacket in 3-layer stretch fabric with a windproof coating and DWR treatment on the outer layer
- Stretch fabric inserts at side bands and underarms
- Ergonomic lap cut
- Long YKK® reverse zipper with windproof inner flap and zipper garage
- 3 handy back pockets with piping and reflective logo
- Internal gripper elastic at the bottom of the jacket

TECNICITÀ:

- Giacca in tessuto stretch 3 strati con spalmatura antivento e trattamento DWR su strato esterno
- Inserti tessuto stretch alle bande laterali e sottomanica
- Taglio giro ergonomico
- Lampo lunga rovescia YKK® con patella interna antivento e zip garage
- 3 pratiche tasche posteriori con piping e logo rifrangente
- Elastico interno grippante al fondo giacca

RACE WARM JKT

[03486901100C000.I0](https://www.nalini.com/it/03486901100C000.I0)

The new Race Warm Jacket gives you the comfort of a jersey and protects you like a jacket. Developed to provide exceptional thermal protection thanks to the 3-layer stretch fabric with a membrane and DWR (Durable Water Repellent) treatment used on the body and back.

Total freedom of movement and maximum comfort are provided by warm stretch fabric used on the sleeves and side panels. Reflective details are used on the back to ensure maximum visibility on the road.

TECHNICAL FEATURES:

- Jacket in 2-layer stretch fabric with windproof coating and DWR treatment on the outer layer
- Thermal stretch fabric inside panels and sleeves
- Ergonomic set-in cut
- Full-length covered zipper YKK®, with inner wind protection flap and zip garage
- 3 practical rear pockets with reflective piping
- Inner silicone elastic with gripper at bottom hem

TECNICITÀ:

- Giacca in tessuto stretch 2 strati con spalmatura antivento e trattamento DWR sullo strato esterno
- Taglio giro ergonomico

STELVIO LS JERSEY

[03485501100C000.I0](https://www.nobel.it/03485501100C000.I0)

Stelvio LS Jersey is the warm jersey to face the coldest days. The thickness of the fabric and the inner surface offer perfect thermoregulation and breathability, keeping the body warm and dry even in cold temperatures. In addition, the highly elastic fabric offers unique comfort and fit. A warm and functional jersey with sporty design and cool colors.

TECHNICAL FEATURES:

- Jersey in thermal brushed fabric
- Set in sleeves in brushed comfort stretch fabric
- Full-length front cam-lock zipper YKK® with inner wind protection flap
- 3 practical rear pockets with reflective piping
- Inner silicone elastic with gripper at bottom hem

TECNICITÀ:

- Maglia a manica lunga in tessuto termico garzato e elastico
- Taglio manica giro, in tessuto comfort stretch

WARM LS MESH JERSEY

[03493601100000.10](https://www.garmentline.com/03493601100000010)

Warm LS Mesh Jersey is the perfect jersey for those who seek great performance and don't give up a true athletic look.

The 3D fabric with which the sleeves are made improves performance by reducing air friction and facilitating the aerodynamics of the garment. The body is made of compact fabric that makes the jersey a perfect windproof: ideal to wear alone during mid-season performance or under a jacket on colder winter days.

TECHNICAL FEATURES:

- Long sleeve mid weight jersey with aerodynamic 3D fabric on sleeves
- Full-length covered cam-lock zipper YKK® with inner wind protection flap and zipper garage
- 3 practical rear pockets
- Internal elastic silicone gripper at bottom hem

TECNICITÀ:

- Maglia termica leggera in tessuto stretch con struttura 3D con proprietà aerodinamiche
- Lampo lunga nascosta YKK® con tiretto cam lock e flap interno antivento e para poma
- 3 pratiche tasche posteriori
- Elastico interno grippante con silicone al fondo maglia

NEW IDEALE BIB TIGHT

[03416201100C000.IO](https://www.nalini.com/03416201100C000.IO)

New Ideale Bib Tight is the latest generation bib made with a minimum number of cuts and seams. Thanks to state-of-the-art fabrics and cutting-edge technologies, Nalini signs a clean and functional garment with a unique design touch. Maximum thermoregulation, comfort and total freedom of movement are guaranteed by the Super Roubaix fabric. For the upper part of the bib, "microfresh" fabric was used, which keeps the body dry at all times, even on the highest performance rides.

TECHNICAL FEATURES:

- Bib tight in Super Roubaix with an essential construction
- Upper part in microfresh fabric in laser cut and no seams
- Reflective logos tone sur tone
- Bi-elastic anatomical pad
- Comfort stretch elastic band at legs' hem

TECNICITÀ:

- Calzamaglia in tessuto Super Roubaix dalla costruzione pulita ed essenziale
- Corpino in tessuto microfresh in taglio laser e senza cuciture

FULL SEASON

FOR ALL WEATHER CONDITIONS

BREVA WIND JKT

[03394701100000.10](https://www.nabalini.com/03394701100000010)

Windproof and waterproof jacket made entirely of three-layer fabric with a membrane and DWR treatment (Durable Water Repellent).

The high technical qualities of the fabric structure ensure water and wind resistance with a water column of 10.000 mm and excellent ventilation from the inside out to keep the body dry and ensure breathability.

The elasticity of the fabric also molds the jacket perfectly to the curves of the body for a slim, snug fit. The lightweight material allows the jacket to be taken off and stored in the pocket.

The iridescent color allows for increased visibility even in the worst weather and low light conditions and gives the jacket an unmistakable style.

The jacket is equipped with the new ICE KEY device.

TECHNICAL FEATURES:

- 3layer fabric, weight 90 gr/m² with membrane 10.000mm water column
- D.W.R. treatment (Durable Water Repellent treatment)
- Reversed full-length cam-lock zipper YKK® with wind flap behind zip and chin guard on top
- Inner collar in comfortable fabric
- Reflective logos in front and back side
- Silicone elastic band at waist
- 3 rear pockets
- ICE KEY device

TECNICITÀ:

- Tessuto 3 strati da 90 gr/m² con membrana idrorepellente colonna d'acqua 10.000 mm
- Trattamento D.W.R. (Durable Water Repellent)
- Lampo rovescia YKK® con tiretto cam lock
- Protezione interna antivento con zip garage
- Interno collo in tessuto confortevole
- Logo rifrangente anteriore e posteriore
- Elastico grippante con silicone al fondo
- 3 tasche posteriori ICE KEY tag

SCIROCCO WIND JKT

033956011000000.10

Scirocco Wind JKT is the perfect windstopper with Nalini's unique style.

The windstopper fabric with micro-design allows total insulation from the wind in the most exposed parts while the side panels and underarm are made of stretch fabric that allows a perfect slim fit that adapts to the curves of the body and excellent comfort and freedom of movement. The lightness and softness of the fabric allow the jacket to pack comfortably and make it the must-have garment for outings in the most unexpected weather conditions.

TECHNICAL FEATURES:

- Lightweight, windresistant, packable fabric
- Front zip with longer cord puller and with windproof storm inside flap
- Stretch side panels and underarm panels for transpiration and better fit
- Reflective logos for high visibility
- Elastic waistband

TECNICITÀ:

- Tessuto antivento leggero e impacchettabile
- Zip anteriore con tiretto prolungato con cordino e con aletta interna antivento
- Fianchi e inserto sottomanica in tessuto leggero stretch per aerazione e migliore vestibilità

BREVA WIND VEST

034510011000000.10

Windproof and water repellent vest entirely made of a three layer fabric with DWR (Durable Water Repellent) treatment.

The properties of this fabric are highly technical: protection from wind and water with a 10.000 water column, good breathability from inside towards outside and stretchability, combined to an extremely interesting color iridescent with the double function of and high visibility and stylish look. The stretchability of the fabric allowed to shape the garment in a slim fit that wraps the rider and does not leave any excessive fabric around the body.

The lightness, despite the three layers, gives the possibility to pack it and carry it in a pocket.

TECHNICAL FEATURES:

- 3layer fabric, weight 90 gr/m² with membrane 10.000 water column
- D.W.R. treatment (Durable Water Repellent)
- Reversed full-length cam-lock zipper YKK® with wind flap behind zip and chin guard on top
- Inner collar in comfortable fabric
- Reflective logos in front and back side
- Silicone elastic band at waist
- 3 rear pockets

ICE-KEY DEVICES WITH NFC CHIP: USER MANUAL

(ANDROID AND iOS SMARTPHONES)

PLEASE NOTE:

NFC functionality is present on all Apple smartphones from model 7 (iOS update 14) onwards.

For models 7,7s, SE, 8, the feature is activated by swiping on the display, selecting the NFC icon and bringing the top of the smartphone close to the ICE KEY device.

For later Apple models (XR >) and for Android models the NFC functionality is automatically active and reading is done simply by bringing the smartphone close to the ICE KEY device.

1. Download the ICE KEY TAG application from the Store of your smartphone.
2. Bring the back of the smartphone close to the NFC chip in the ICE-KEY device and follow the instructions for registration
3. LOGIN to enter your webpage and fill in your profile.
4. Fill in the proposed fields: personal data, health data, phone numbers to contact in case of need. It is important to upload your own photograph, a discriminating element that allows you to be recognised. It is possible to upload copies of personal and medical documents (e.g. identity card, driving licence, car registration, reports, certificates, prescriptions) using the 'upload document' function from the app menu and associate their expiry date with alerts.

Once completed, save and exit.

5. To check the information entered, bring the smartphone close to the ICE-KEY device and the data will be displayed on the screen. (internet connection required).

The ICE KEY TAG app and ICE-KEY devices allow you to always carry your personal/medical information with you, to send direct calls and text messages with your geographic location to ICE numbers and to connect to 112 NUE operations centres.

The ICE KEY TAG app allows you to view documents and alerts you when their expiry date is approaching. The information entered is available translated into 7 languages.

IMPORTANT

All data and documents entered and stored in your profile are available and can be modified by computer and/ or smartphone anywhere in the world by connecting to www.icek.it (entering your personal credentials). Any changes made in the App are automatically update in the web site and vice versa.

PLEASE NOTE

The user enters his personal and/or medical data and copies of his documents in ICE-KEY App and in the cloud www.icek.it in total autonomy, of his own choice and responsibility, therefore the manufacturer disclaims any liability regarding the truthfulness, completeness and/or reliability of the information entered. It is the responsibility of the ICE-KEY device owner to limit the risk of theft or loss in order to prevent improper data processing by unauthorised parties.

It is recommended that you guard your ICE-KEY to prevent misuse.

For information and assistance please send an e-mail to info@ice-key.it or assistenza@ice-key.it.

ISTRUZIONI DI UTILIZZO DEI DISPOSITIVI ICE-KEY

CON CHIP NFC PER SMARTPHONE ANDROID e iOS

NOTA BENE:

La funzionalità NFC è presente su tutti gli smartphone Apple dal modello 7 (aggiornamento iOS 14).

Per i modelli 7,7s, SE, 8, la funzionalità si attiva facendo lo swipe on sul display, selezionando l'icona NFC e avvicinando la parte superiore dello smartphone al dispositivo ICE KEY.

Per i modelli Apple successivi (XR >) e per gli Android è attiva automaticamente e la lettura avviene semplicemente avvicinando lo smartphone al dispositivo ICE KEY.

1. Scaricare l'applicazione gratuita ICE KEY TAG dallo store del proprio smartphone.
2. Avvicinare il dorso dello smartphone al chip NFC presente nel dispositivo ICE-KEY e seguire le istruzioni per la registrazione.
3. Effettuare il LOGIN per entrare nella propria pagina web per compilare il profilo.
4. Compilare i campi proposti: dati anagrafici, dati sanitari, numeri di telefono da contattare in caso di necessità. E' importante caricare la propria fotografia, elemento discriminante che permette il riconoscimento dell'utente. E' possibile caricare copie di documenti personali e medici (es. carta di identità, patente, libretto auto, referti, certificati, prescrizioni) utilizzando la funzione "carica documento" dal menu dell'app e associarne la data di scadenza con alerts.

Terminata la compilazione, registrare e uscire dall'applicazione.

5. Per verificare le informazioni inserite, avvicinare lo smartphone al dispositivo ICE-KEY e i dati saranno visualizzati sullo schermo.

L'app ICE KEY TAG e i dispositivi ICE-KEY permettono di portare sempre con sé le proprie informazioni personali/mediche, di inviare chiamate dirette e SMS con la posizione geografica ai numeri ICE, di collegarsi alle centrali operative del 112 NUE. L'app ICE KEY TAG consente di visualizzare i documenti e avvisa quando si avvicina la loro scadenza. Le informazioni inserite sono visualizzabili tradotte in 7 lingue.

IMPORTANTE

Le informazioni inserite nel proprio profilo sono reperibili e modificabili da computer e/o smartphone in qualsiasi parte del mondo collegandosi al cloud www.icek.it. Ogni modifica effettuata nell'App viene aggiornata automaticamente nel cloud e viceversa.

N.B.

L'utente inserisce i propri dati personale e medici e la copia dei propri documenti nell'App ICE-KEY e nel cloud www.icek.it in totale autonomia, libertà e responsabilità, pertanto il produttore declina ogni addebito in merito alla veridicità, completezza e/o attendibilità delle informazioni inserite.

E' responsabilità del proprietario del dispositivo ICE-KEY di limitarne il rischio di furto o smarrimento così da impedire il trattamento improprio dei dati da parte di soggetti non autorizzati.

Si consiglia di custodire il proprio ICE-KEY per prevenirne usi impropri.

Per informazioni e/o assistenza inviare un'e-mail all'indirizzo info@ice-key.it o assistenza@ice-key.it.

FITTING

The table indicates the correspondence between sizes and the measurements in centimeters of your body.

To determine your size accurately, measurements should be taken without clothes; the tape measure should fit snugly against the skin, without squeezing.

Our size guide considers that the cycling garment should wrap the body pretty closely, if you wish to have a more comfort and loose fit, we suggest to go for a bigger size, especially when your measurement is on the limit of the bigger size and also when the garment is featured as a slim/race fit garment.

La tabella indica la corrispondenza delle taglie con le misure in centimetri del proprio corpo.

Per determinare la taglia con precisione, le misure vanno prese sul corpo nudo; il metro deve aderire perfettamente alla pelle, senza stringere.

Consigliamo di tenere presente l'indicazione rispetto alla vestibilità che trovate indicata nei capi, se il capo è contrassegnato da vestibilità slim e non si desidera un capo ben aderente e teso, consigliamo di passare ad una taglia superiore rispetto a quella corrispondente alle misurazioni.

XRACE

These garments are particularly slim fit, jerseys and jackets are shorter on the frontal part to avoid folded exceeding fabric on belly when on bike.

Questi capi hanno un taglio particolarmente asciutto, maglie e giacche sono più corte nella parte frontale per evitare tessuto piegato in eccesso al ventre del ciclista quando in bici.

RACE

Anatomic and ergonomic-fit garments for demanding cyclists.

Capi con taglio anatomico ed ergonomico per ciclisti esigenti.

REGULAR

Standard-fitting garments with particular focus on comfort.

Capi meno attillati con una particolare attenzione al comfort.

COMFORT

This indication is given on garments that are meant to be more loose and not very close to the body, and on garments that are very stretchy and therefore very adaptable such as the seamless ones.

Questa indicazione è data su capi che sono pensati per una vestibilità morbida non così vicina al corpo del ciclista, e su capi con una tale elasticità che permette grande adattabilità come quelli seamless.

PADS

The Pad has a protective function and therefore it is considered one of the most important contact points between the cyclist and the bicycle.

It is good to keep in mind that little or excessive protection can develop various diseases for the cyclist: from nerve inflammation up to real circulatory problems and complications. You can protect yourself without neglecting comfort and performance! Moa Sport has been among the first to introduce the pad in cycling clothing. Today's know-how of the company is based on almost 50 years of collaboration with professional teams as Banesto, Telecom, Carrera, Mercatone, Movistar, Astana, etc., and their champions as Hindurain, Ulrich, Pantani, Chiappucci, Vinokourov, Valverde, Nibali, Aru and many others. They have contributed with precise indications and feedback to the development of the pad, to make it really functional for protection and performance.

In all these years professional riders have helped Moa Sport to understand how to improve this essential part of the rider's equipment, but also we have learnt how it can be an accessory totally subjective.

For this reason, we have developed pads with different protections, densities, technologies and materials always with a particular attention to details... Because as it is known, they make the difference!

All our pads are produced with Oeko-tex® certified materials. Oeko-tex® is a certification that safeguards users from the presence of dangerous substances in the fabrics. Moreover, our fabrics and foams are all antibacterial, light, breathable, hydrophilic, and soft and they are assembled with modern technology and design.

In the range of the pads branded Nalini/Moa, you will surely find one that suits your saddle and your riding activity.

Per il ruolo protettivo che svolge, il Fondello (anche conosciuto come Pad o Chamois), è tra i punti di contatto tra ciclista e bicicletta, forse il più importante!

È bene tenere presente che, poca o eccessiva protezione possono sviluppare svariate patologie in chi pratica ciclismo: da infiammazioni di natura nervosa fino a veri e propri problemi circolatori con relative complicanze. Proteggersi sì, ma senza trascurare comfort e prestazione! Moa Sport è stata tra i primi ad aver introdotto il fondello nell'abbigliamento tecnico per ciclisti; il know-how dell'azienda è dovuto a quasi 50 anni di collaborazione con Team professionistici come Banesto, Telecom, Carrera, Mercatone, Movistar, Astana, etc., e al dialogo con i campioni che hanno militato in queste squadre: da Hindurain, Ulrich, Pantani, Chiappucci fino ad arrivare ai Vinokourov, Valverde, Nibali, Aru e centinaia di altri grandi atleti che puntuali hanno indirizzato Moa Sport nella creazione di prodotti di altissima qualità, sia per la protezione sia per la performance.

Tutti questi anni al fianco di grandi professionisti hanno aiutato Moa Sport a capire quanto un fondello possa essere indispensabile per praticare ciclismo, ma anche quanto sia un accessorio assolutamente soggettivo.

Per questo motivo sono stati sviluppati fondelli con diverse protezioni, densità, tecnologie e tessuti, sempre con una particolare attenzione ai dettagli... Perché si sa, fanno la differenza!

Tutti i fondelli di Moa Sport sono prodotti con materiali certificati di aziende certificate Oeko-tex®, ente che tutela la qualità dei materiali. Questa prerogativa rende i prodotti eccellenti, per quanto riguarda antibattericità, leggerezza, traspirabilità, idrofilia e morbidezza ma anche per tecnologia e design.

Nella gamma di fondelli firmati Nalini/Moa Sport troverete sicuramente quello adatto alla vostra sella e alla vostra attività sportiva.

RANDONNÉ MAN 2.0

015.100.00918-6000

Randonné 2.0 is the evolution of a very successful and beloved pad of our range: Randonné, a pad, specifically designed for long-distance rides. The use of high density reticulated foams joint to a deeper and more curved preshaping ensures utmost support and comfort in all three basic saddle positions: descending, climbing and racing. The new assembling materials used improve the flexibility so that besides providing support, it also suits all riding movements and positions.

The recycled microfiber fabric used on the top layer is an important effort done in the direction of always more sustainable and green garments. This fabric has property of fast drying keeping the rider dry and has a very soft touch surface which minimizes the risk of chafing.

TECHNICAL FEATURES

- Bi-elastic anatomically pre-shaped pad
- Backing: reticulated high impact foam
- Recycled top layer material
- Hydrophilic microfiber fabrics
- High breathability
- Suitable for long-distance rides (randonnés)

Randonnée 2.0 è l'evoluzione del fondello di grandissimo successo e gradimento Randonné. Un fondello studiato specificatamente per uscite molto lunghe, dove all'utilizzo delle spugne reticolate ad alta densità è stata aggiunta una preformatura più curva e profonda.

Offre il massimo del supporto in tutte e tre le posizioni classiche della pedalata: descending, climbing e racing. Nell'assemblaggio sono stati usati materiali più morbidi e flessibili senza nulla sacrificare nel supporto, il risultato è un fondello che si adatta perfettamente ai movimenti e alle posizioni del ciclista, sostenendo il suo corpo e isolandolo dalle pressioni della sella fino ad uscite di anche 10 ore.

Randonnée 2.0 oltre a darti comfort, anatomia, igiene, usa anche una microfibra di copertura ottenuta dal riciclo di materiali, quindi ecologico. Mantiene il corpo del ciclista asciutto per le proprietà di asciugatura rapida e al tatto ha grande morbidezza evitando al ciclista problematiche di rossore da frizione.

TECNICITÀ

- Fondello anatomico bielastico preformato
- tessuto di copertura in fibre ottenute dal riciclo
- Imbottitura con spugne alta densità reticolate
- Tessuto microfibra idrofilo ad asciugatura rapida
- Alta traspirabilità
- Adatto per lunghissimi percorsi (randonnés)

GRANFONDO 2.0

015.100.00909-0500

The upgrade of this pad is only on the top material, as Granfondo was a pad that nearly 100 % of the riders found amazing in all points: protection, support, anatomy, softness, flexibility and elasticity.

The padding is manufactured by progressive cutting of a high-density reticulated foam, with different thicknesses based on body weight and pressure points, to ensure maximum support to all points of contact with the saddle. Besides providing support, the foam also ensures flexibility and softness, so that the pad never feels heavy or bulky. This pad combines hygiene, comfort and anatomical shaping.

The new top fabric used is an eco fabric obtained from recycling which keeps ensuring fast drying, softness and minimize chafing risks.

TECHNICAL FEATURES

- Bi-elastic anatomically shaped pad
- Recycled eco microfiber top layer
- Backing: reticulated high Impact foam
- Lightweight
- High breathability
- Suitable for long-distance competitive/amateur rides

MAN

GRANFONDO 2.0
DENSITY 120 KG/M2

La versione 2.0 del nostro fondello Granfondo fondamentalemente un aggiornamento nella direzione dell'ecosostenibilità del tessuto di copertura. Parliamo di un fondello che la quasi totalità dei ciclista trovava eccezionale in tutte le caratteristiche che un fondello deve garantire: protezione, supporto, anatomia, flessibilità, morbidezza ed elasticità. L'imbottitura viene ottenuta partendo da un sistema di taglio progressivo di una schiuma reticolata ad altissima densità, modulando lo spessore in base al peso e alla pressione dei vari punti di contatto e garantendo il massimo supporto su tutti i punti di appoggio tra corpo e sella. Tali spugne non solo danno supporto ma garantiscono anche traspirabilità e morbidezza, per un fondello che non risulta mai invadente e pesante.

Questo fondello accosta ora a tutte queste tecniche anche il valore della sostenibilità grazie all'inserimento di un tessuto ottenuto da materiali di riciclo, sempre garantendo le fondamentali caratteristiche di asciugatura rapida e morbidezza che riducono il rischio di arrossamenti da sfregamento.

TECNICITÀ

- Fondello anatomico bielastico
- Tessuto riciclato di copertura
- Spugna di supporto reticolata ad alta densità
- Leggero
- Alta traspirabilità
- Adatto per lunghi percorsi agonistici/amatoriali

ALL TERRAIN

015.100.00908-3000

ALL TERRAIN pad is completely new and offers a really high level of technology, which sees primarily the moulding together of two different layers of foams with two differentiated densities: the more dense one facing the saddle, the softer one facing the rider. At that point through an engraving process the modulated heights are created and when the obtained foam is joined to the upper coverage the best quality and lightest glue is used, at last we pre-shape it to get also a perfectly anatomical shape. The result is a pad that is strongly resistant to pressure and weight but also soft and flexible for the body that it protects from the saddle. From here the indication in the name: All Terrain as this pad is particularly suitable for mixed paths where the rider is strongly solicited by vibrations and shocking impacts.

On top of all the above technicalities we have an eco outer fabric obtained from recycling which keeps ensuring fast drying, softness and minimize chafing risks.

TECHNICAL FEATURES

- Backing with dual-density and dual face foams
- Anatomically shaped pad
- Outer layer in recycled eco fabric
- Lightweight
- High breathability
- Suitable for all ways, in particular gravel and mixed terrains

MAN

5 H

ALL TERRAIN
DENSITY 100 KG/M2

Il fondello ALL TERRAIN è un nuovo fondello con altissimi contenuti tecnici, vede fuse due spugne che presentano due densità differenziate, la più densa alla base verso la sella e la più morbida verso il corpo, vengono poi scarnite modulando i diversi spessori. In accoppiatura con la copertura in tessuto riciclato si usano colle di spessore infinitesimale e il tutto viene preformato dando l'anatomia del corpo. Il risultato è un fondello protettivo tenace nella resistenza opposta a peso e pressione pur restando morbido e accogliente per il corpo che protegge dalla sella con morbidezza ed elasticità. Da qui la nostra indicazione All Terrain in quanto questo fondello si presta per tutti i percorsi anche quelli più sassosi e irregolari del gravel e dell'MTB. A tutte queste tecniche si aggiunge il valore della sostenibilità grazie all'inserimento di un tessuto di copertura ottenuto da materiali di riciclo, sempre garantendo le fondamentali caratteristiche di asciugatura rapida e morbidezza che riducono il rischio di arrossamenti da sfregamento.

TECNICITÀ

- Supporto con spugne a densità differenziata e bifacciale
- Fondello anatomico bielastico
- Tessuto di copertura riciclato, eco
- Leggero
- Alta traspirabilità
- Adatto per tutti i percorsi in particolare misti e gravel

ALL AROUND

015.100.00914-5450

Essential but efficient is the best definition for this pad, it remains one of the most beloved pads among our riders. It is a new version of our 2,6 pad with high density foams which ensure efficient support and a very comfortable fit also for long rides and after hundreds and hundreds of use and washing. Also in this pad we are now using for the outer top layer an eco elastic microfiber obtained from recycling. The hydrophilic properties of the components ensure excellent breathability and quick moisture wicking, to leave your skin feeling fresh. The long front padding provides superior comfort in different bike positioning and freedom of movement.

TECHNICAL FEATURES

- Bi-elastic anatomically shaped pad
- Elastic eco microfiber obtained from recycling
- High breathability
- High-density support
- Lightweight
- Suitable for medium-long distances Suitable for medium-distance road/MTB rides

MAN

4 H

ALL AROUND
DENSITY 100 KG/M2

Essenziale ma funzionale ed efficace è la miglior definizione per questo fondello che rimane uno dei più amati dai nostri ciclisti. E' un aggiornamento del nostro 2,6 ideato con spugne di alta densità, modellato sull'anatomia maschile con uno scarico prostatico centrale. Grazie a tutto questo e all'elasticità dei materiali utilizzati ha un'ottima vestibilità e rimane solido nel supporto anche dopo centinaia di utilizzi e lavaggi. Anche in questo caso abbiamo utilizzato per la parte esterna una microfibra eco ottenuta dal riciclo, con qualità idrofile che consentono un'eccellente traspirabilità e una rapida dissipazione dell'umidità con una conseguente sensazione di freschezza. La parte anteriore allungata permette comfort in varie posizioni sulla bici e una grande libertà nel movimento.

TECNICITÀ

- Fondello anatomico bielastico
- Tessuto in microfibra riciclato elastico di copertura
- Alta traspirabilità
- Supporto alta densità
- Leggero
- Adatto per percorsi medio-lunghi

RANDONNÈ LADY

015.100.00916

Our next-generation Lady Comfort pad is specifically designed to fit a woman's body and is ideal for long distance riding. The use of reticulated foam offers maximum support in all three basic saddle positions: descending, climbing and racing. Besides providing support, the foam suits perfectly all riding movements and positions.

It combines hygiene, comfort and anatomical design. The antibacterial treatment ensures hygiene, the microfiber fabric guarantees comfort and softness, and the structure of the fabric touching the skin provides fast moisture wicking, leaving you feeling fresh at all times.

TECHNICAL FEATURES

- Oeko-tex® certified materials
- Bi-elastic anatomically shaped pad
- Structured microfiber tissue
- Natural antibacterial treatment
- Lightweight
- Suitable for long-distance competitive/amateur rides

WOMAN

10 H

RANDONNÈ LADY
DENSITY 80/100 KG/M2

Il Lady Comfort è un fondello di nuova generazione studiato specificatamente per l'anatomia femminile e con una costruzione adatta ad uscite molto lunghe. L'utilizzo delle spugne reticolate offre il massimo del supporto in tutte e tre le posizioni classiche della pedalata: descending, climbing e racing. Tali spugne non solo danno supporto, ma si adattano perfettamente ai movimenti e alle posizioni del ciclista.

Abbina assieme comfort, anatomia e igiene grazie al trattamento antibatterico e alla microfibra che lo rende morbido. Infine, la struttura del tessuto a contatto con la pelle garantisce una rapida dissipazione dell'umidità e mantiene una sensazione di fresco.

TECNICITÀ

- Materiali certificati Oeko-tex®
- Fondello anatomico bielastico
- Tessuto strutturato in microfibra
- Trattamento antibatterico naturale
- Leggero
- Adatto per lunghi percorsi agonistici/amatoriali

ALL TERRAIN LADY

015.100.00910-3000

ALL TERRAIN pad is completely new and offers a really high level of technology designed in this Lady version for the anatomy of the female body. It is primarily created through the moulding together of two different layers of foams with two differentiated densities: the more dense one facing the saddle, the softer one facing the rider. At that point through an engraving process the modulated heights are created and when the obtained foam is joined to the upper coverage the best quality and lightest glue is used, at last we pre-shape it to get also a perfectly anatomical shape. - Leggero
- Alta traspirabilità
- Adatto per tutti i percorsi in particolare misti e gravel

ALL AROUND LADY

015.100.00917-5450

This pad is specifically designed to suit the woman's anatomy and to provide an intense and soft protection. The construction uses multi-density foams to ensure stronger support to the sit bones while reducing pressure on the pubic area thanks to the use of softer foams on the front.

The outer layer is in a recycled microfiber which apart from this aspect linked to sustainability provides high breathability and fast drying, making you feel fresh and dry at all times.

TECHNICAL FEATURES

- Bi-elastic anatomically shaped pad
- Elastic eco microfiber obtained from recycling
- Differentiated support between front and rear part
- Lightweight
- High breathability
- Suitable for medium-distance rides

Fondello ideato per l'anatomia femminile e caratterizzato da un'ottima vestibilità. La costruzione con spugne differenziate garantisce maggior supporto in zona ischiatica con spugne ad alta densità e un confortevole appoggio in zona pubica con spugne di poco più alte ma morbide.

Il tessuto di copertura è un tessuto riciclato che oltre a questo importante aspetto di rispetto ambientale garantisce massima traspirabilità, un'asciugatura rapida con conseguente sensazione di freschezza e asciutto.

TECNICITÀ

- Fondello anatomico bielastico
- Tessuto in microfibra riciclato elastico di copertura
- Supporto differenziato tra parte anteriore e posteriore
- Leggero
- Alta traspirabilità
- Adatto per percorsi di media lunghezza

NALINI CUSTOM TEAMWEAR

Technical and innovative solutions, essential lines: the Teamwear collection is designed to ensure the best performance on two wheels, without sacrificing comfort and safety.

These garments stand out for their wearability and freedom of movement, thanks to the use of light and adherent fabrics, developed specifically to meet every effort and at the same time guarantee maximum breathability.

The Teamwear collection is a 100% Made in Italy product, created entirely at Moa Sport, which thanks to decades of experience in contact with professional athletes, uses a scrupulous and innovative manufacturing process, with Oeko-Tex certification.

From the competitive cyclist who explicitly seeks a technical and performing line, to those who simply have the passion for two wheels, the three lines Race, Ride and Comfort offer exclusive solutions with three levels of technicality that meet the specific needs of each type of use.

Soluzioni tecniche ed innovative, linee essenziali: la collezione Teamwear è studiata per favorire la migliore performance su due ruote, senza rinunciare a comodità e sicurezza.

Capi che si distinguono per vestibilità e libertà di movimento, grazie all'uso di tessuti leggeri e aderenti, sviluppati specificatamente per assecondare ogni sforzo e allo stesso tempo garantire la massima traspirabilità.

La collezione Teamwear è un prodotto 100% Made in Italy, creato interamente presso Moa Sport, che grazie a decenni di esperienza a contatto con atleti professionisti, si avvale di un processo di lavorazione scrupoloso ed innovativo, con certificazione Oeko-Tex.

Dal ciclista competitivo che cerca esplicitamente una linea tecnica e performante, a chi ha semplicemente la passione per le due ruote, le tre linee Race, Ride e Comfort offrono soluzioni esclusive con tre livelli di tecnicità che rispondono alle esigenze specifiche di ogni tipo di utilizzo.
