MADE IN ITALY COLLECTION

UNDERWEAR

TIE DYE SEAMLESS TANK

03520201100C000.33

Ultra-lightweight and breathable sleeveless base layer, especially in areas prone to perspiration. Its thermoregulating properties, together with its ability to keep the skin dry, make this garment a real must-have for every cyclist. The tie-dye colouring makes each garment exclusive, unique and one of a kind.

TECHNICAL FEATURES

- Sleeveless undershirt that provides perfect thermoregulation, hydrophilicity and antibacterial properties
- Anatomical fit
- Greater breathability where needed
- Tie-dye colouring that makes each piece unique

TECNICITÀ

- Maglia intima senza maniche che permette una perfetta termoregolazione, idrofilia, eantibattericità
- Vestibilità anatomica
- Maggior traspirabilità nei punti necessari
- Colorazione Tie Dye che rende ogni pezzo unico

FIT SLIM
FABRIC POLIAMIDE
SIZES S-4XL

LIGHT PURE SEAMLESS MAN

03460501100C000.33

Sleeveless base layer made of ultra light Dryarn® polypropylene. All yarns used in this garment are particularly thin and in the knit the mesh obtained is particularly light and breathable. The thermoregulation properties, together with its function of keeping the skin dry, make this garment a real must have for every rider. Areas of differentiated texture for perfect fit are featured on the side panels, and soft lycra borders ton sur ton complete the elegant aspect.

TECHNICAL FEATURES

- Polypropylene with thermoregulation, hydrophilic and antibacterial properties
- Anatomic fit
- Differentiated textures

TECNICITÀ

- Proprietà del polipropilene: termoregolazione, idrofilia, e antibattericità
- Vestibilità anatomica
- Trama differenziata

FIT COMFORT
FABRIC POLYPROPYLENE
SIZES S/M - L/XL - 2XL

ALOHA

03536501100C000.07

Seamless tank base layer made of ultralightweight polypropylene and Lycra mesh, with seamless comfortable borders at neck and armholes applied with flatlock-stitching.

TECHNICAL FEATURES

- Anatomic fit
- Extremely open and breathable
- Yarn that conveys moisture towards the exterior and helps keeping the body dry

TECNICITÀ

- Vestibilità anatomica
- Rete aperta per la massima traspirazione
- Filato che conduce il sudore verso l'esterno e tiene il corpo asciutto

FIT REGULAR
FABRIC 80% POLYPROPYLENE
15% POLIAMYDE 5% ELASTAN
