FEMININITY & PERFORMANCE

# SKINFLUID LADY SUIT

[03522701100C000.IO](https://www.nalini.com/03522701100C000.IO)

Ergonomic and aerodynamic body, designed specifically for the female physique, with soft striped fabric on the front and back. The sleeves, with a clean and linear cut, are made from the exclusive Kinetech® aerodynamic fabric. Lightweight mesh inserts on the back and under the armpits ensure maximum breathability. The lower part is made entirely from Kinetech® fabric with compressive and aerodynamic properties. The crotch area is abrasion resistant and the three rear pockets make this garment perfect for all road performances, whether sprinting or long distance.

## TECHNICAL FEATURES

- Lightweight, micro-perforated fabric on the front and back
- Exclusive aerodynamic woven Kinetech® fabric for the sleeves
- Lightweight striped fabric side panels to ensure ventilation
- Full-length YKK® camlock zipper, with inside flap and zipgarage
- Clean cut sleeves' hem
- 3 rear pockets with reflective piping
- Bottom of leg with clean cut
- Reflective details
- ICE KEY device

## TECNICITÀ

- Tessuto leggero e microforato sulla parte anteriore e posteriore
- Maniche in esclusivo tessuto aerodinamico a navetta Kinetech®
- Pannelli laterali in leggero tessuto a righe per garantire la ventilazione
- Zip lunga YKK® camlock, con garage e patella lunga sotto la zip
- Fondo manica taglio al vivo
- 3 tasche posteriori con piping rifrangente e con taschino interno
- Fondo gamba con taglio al vivo
- Loghi rifrangenti olografici
- ICE KEY Tag

# SKINFLUID LADY JERSEY

[03521901100C000.I0](https://www.nalini.com/03521901100C000.I0)

This innovative jersey is the result of a combination of cutting-edge materials and advanced technologies. It is designed and manufactured for road cyclists seeking maximum aerodynamic performance and high breathability during high-performance sessions.

The central part of the body is made from extremely lightweight and breathable micro-perforated fabric, while the sleeves are slightly compressive and aerodynamic thanks to a 3D structure.

## TECHNICAL FEATURES

- Lightweight, micro-perforated fabric on the front and back
- Lightweight striped fabric side panels for ventilation
- Sleeves in aerodynamic Kinetech® fabric with raw-cut hem
- Full-length reverse YKK®
- Full elastic at hem with silicone gripper
- Clean cut on sleeves' hem
- 3 functional rear pockets with reflective piping
- White reflective transfers at chest and on the central rear pocket

## TECNICITÀ

- Tessuto leggero e microforato sulla parte anteriore e posteriore
- Pannelli laterali in leggero tessuto a righe per garantire la ventilazione
- Elastico completo sull'orlo con grip in silicone
- Maniche in tessuto Kinetech® aerodinamico con fondo a taglio vivo
- Cerniera YKK® rovescia a tutta lunghezza
- Taglio pulito sull'orlo delle maniche
- 3 tasche posteriori funzionali con bordino riflettente
- Trasferibili riflettenti bianchi sul petto e sulla tasca posteriore centrale

TEAM EQUA | FOR NALINI

# PERFECT LADY BIB SHORT

[03522001100C000.I0](https://www.nalini.com/03522001100C000.I0)

Female bib short which offers maximum comfort in all parts. The upper part uses soft elastics in microfiber without any stitching and leaving the torso free from any fabric except the braces, the bib continues on the lower part and legs with a compressive and soft lycra. The clean cut at leg's hem gives a very neat and elegant look combined with maximum comfort.  
Top of gamma female pad.

## TECHNICAL FEATURES

- Lower part in compact Lycra for optimal muscle support and elasticity retention, with UPF +50 protection factor
- Shoulder straps made entirely of microfibre with heat bonding
- Reflective Nalini logos at the back
- Silicone patch at the hip
- Clean cut at legs hem
- Specific seat pad for long distances

## TECNICITÀ

- Parte inferiore in Lycra doppia frontura compatta per un sostegno muscolare ottimale e il mantenimento dell'elasticità, con fattore di protezione UPF +50
- Costruzione delle bretelle interamente in microfibra con termoincollatura
- Loghi rifrangenti olografici
- Patch in silicone sulla natica
- Fondo gamba con taglio al vivo
- Fondello specifico per lunghe distanze

# CONTACT LADY BIB SHORT

[03522801100C000.10](https://www.garmin.com/it/it/03522801100C000.10)

Our integrated seat pad system, directly attached to the braces, revolutionises the current concept of padding positioning and significantly improves fit and comfort. Now also available in a model designed and developed for the female body: the same comfort and freedom of movement, but tailored to the female anatomy.

The new structure creates channels through which the shoulder straps are guided directly to the padding, which is partially separated from the shorts themselves to allow for a more adaptable fit to the individual contours of the wearer's body. Through four welded channels positioned at waist height, the straps are independent but perfectly held in place, ensuring excellent stability and allowing the pad to adapt and follow every movement of the cyclist while pedalling. This system represents a new era in comfort, offering protection and freedom of movement that are impossible to achieve with the traditional structure. The chamois constantly adapts to the body when worn, as if it were an integral part of the cyclist.

The upper part of the bib shorts is also minimal and, apart from the straps themselves, no additional fabric is needed for support. Especially in summer, this allows the cyclist to stay cooler and drier thanks to increased ventilation.

Contact bib shorts have been granted a European patent.

## TECHNICAL FEATURES

- Innovative bib short with integrated braces and seat pad.
- Three-dimensional, minimalist braces with a bridge that guarantees stability
- Bottom leg hem with 5,5 cm elastic with silicone gripping dots
- Holographic reflective logos
- 3D patches on the buttocks

## TECNICITÀ

- Innovativo pantalone con sistema di bretelle e fondello integrati. Con brevetto europeo
- Bretelle tridimensionali, minimali con ponte che garantisce stabilità
- Fondo gamba con elastico grippante h. 5,5 cm con micropunti in silicone
- Loghi rifrangenti olografici
- Patch in 3D sulla natica

# FIVE POCKETS LADY JERSEY

[03436501100C000.IO](https://www.nalini.com/03436501100C000.IO)

Minimalist and elegant jersey designed for long gravel rides: made from compact, thick pre-dyed fabric that guarantees maximum UV protection, opaque and extremely soft to the touch.

The colour palette and clean lines are inspired by the world of gravel and bikepacking.

The jersey is enhanced by five pockets, three traditional rear pockets and two on the sides, offering extra storage capacity and accompanying the cyclist on longer rides.

Micro-perforations are inserted in the underarm area to facilitate airflow and breathability where it is most needed.

## TECHNICAL FEATURES

- Compact and hydrophilic main fabric pre-dyed
- Side panels in light fabric and underarm insert with ventilation holes
- Full-length reverse cam-lock YKK® zip
- Full-length zip cover and zip garage on top
- Microfiber elastic at waist with silicone microdots
- 5 pockets 3 traditional rear pockets +2 side pockets, all in mesh for better breathability
- Reflective logo details on front and back

## TECNICITÀ

- Tessuto principale compatto e idrofilo pre-tinto
- Pannelli laterali in tessuto leggero e inserto sotto le ascelle con fori di ventilazione
- Zip YKK® a tutta lunghezza con chiusura a camma
- Copri zip a tutta lunghezza e garage zip nella parte superiore
- Elastico in microfibra in vita con micro punti in silicone
- 5 tasche: 3 tasche tradizionali più 2 tasche laterali, tutte in rete per una migliore traspirabilità e leggerezza
- Dettagli logo riflettenti nella parte anteriore e posteriore

# ANIMAL LADY JERSEY

[03437901100C000.IO](https://www.nalini.com/03437901100C000.IO)

Jersey with animal-inspired graphics, designed for cyclists looking for an original way to stand out.

The jersey combines original graphics with important technical features, such as super-lightweight, quick-drying microfibre for superior lightness and breathability, and set-in sleeves with clean-cut edges for greater freedom of movement and comfort.

The new graphics are inspired by logos that have made history in the advertising language of contemporary pop culture.

## TECHNICAL FEATURES

- Lightweight, stretchy jersey with breathable fabric at the back
- Mesh side panels to enhance breathability
- Sleeves in smooth fabric with raw edges
- Reverse YKK® cam-lock zipper
- Internal elastic with inside silicone at full bottom
- 3 Functional rear pockets

## TECNICITÀ

- Maglia leggera ed elasticizzata con tessuto traspirante nella parte posteriore
- Pannelli laterali in rete per migliorare la traspirabilità
- Maniche in tessuto liscio a taglio vivo
- Cerniera YKK® reversibile con chiusura a camme
- Elastico interno con silicone al fondo maglia
- 3 tasche posteriori funzionali

# GRAFFITI LADY JERSEY

**03525001100C000.10**

A lightweight and highly breathable summer jersey with raglan sleeves, made from three different fabrics: striped and more open at the front and on the sleeves for greater ventilation, and a more compact piqué fabric on the back panel for greater UPF protection on the back. All fabrics are quick-drying and have a quick-dry treatment. The fluid, liquid graphics make the jersey a visually striking and attractive garment.

## TECHNICAL FEATURES

- Striped fabric body at the front and piqué structure at the back
- Sleeves and front panel in lightweight, highly breathable fabric
- Concealed YKK® cam-lock zip along the entire length
- Internal elastic with silicone inside at the bottom
- 3 functional rear pockets with elasticated flap inside and reflective detail at the bottom

## TECNICITÀ

- Corpo in tessuto rigato nella parte anteriore e con struttura piquet nella parte posteriore
- Maniche e pannello anteriore in tessuto leggero e molto traspirante
- Cerniera YKK® cam-lock nascosta su tutta la lunghezza
- Elastico interno con silicone al fondo maglia
- 3 tasche posteriori funzionali con elastico risolto all'interno e dettaglio rifrangente al fondo

# THUNDER LADY BIB SHORT

03443501100C000.IO- 03443501100C001.IO\* - 03443501100C002.IO\*\*

Essential, functional and highly comfortable bib short with a very protective pad. The fabric used on legs and waist is a high quality compression lycra, while the braces and the back's braces support are made of light and soft microfiber elastic. This combination and the use of the Nalini All Terrain pad make this the best choice for both: the expert cyclist to the new lover of cycling. Available in 4 beautiful trendy colors.

## TECHNICAL FEATURES

- Elastic lycra fabric for optimal muscle support
- Braces obtained from microfiber elastic with clean cut
- Minimal raw-cut back body
- Lightweight microfiber elastic at legs hem with inner silicone microdots
- Reflective logos at the back and sides

## TECNICITÀ

- Tessuto in Lycra con sostegno muscolare e capacità di rientro
- Bretelle a taglio vivo in elastico microfibra
- Corpino posteriore minimale a taglio vivo
- Elastico di microfibra ultraleggero a fondo gamba con silicone grippante

# FULL SEASON

FOR ALL WEATHER CONDITIONS

# BREVA WIND JKT

03394701100C000.I0

Windproof and water repellent jacket entirely made of a three layer fabric with DWR (durable water repellent) treatment.

The properties of this fabric are highly technical: protection from wind and water with a 20.000 water column, good breathability from inside towards outside and stretchability, combined to an extremely interesting color iridescent with the double function of and high visibility and stylish look. The stretchability of the fabric allowed to shape the garment in a slim fit that wraps the rider and does not leave any excessive fabric around the body.

The lightness, despite the three layers, gives the possibility to pack it and carry it in a pocket. The jacket is provided with the new ICE KEY DEVICE.

## TECHNICAL FEATURES

- 3layer fabric, weight 90 gr/m<sup>2</sup> with membrane 10.000 water column
- D.W.R. treatment (durable water repellent treatment)
- Reversed full-length cam-lock zipper YKK® with wind flap behind zip and chin guard on top
- Inner collar in comfortable fabric
- Reflective logos in front and back side
- Silicone elastic band at waist
- 3 rear pockets
- ICE KEY device

## TECNICITÀ

- Tessuto 3 strati da 90 gr/m<sup>2</sup> con membrana idrorepellente colonna d'acqua 10.000 mm
- Trattamento D.W.R. (durable water repellent)
- Lampo rovescia YKK® con tiretto cam lock
- Protezione interna antivento con zip garage
- Interno collo in tessuto confortevole
- Logo rifrangente anteriore e posteriore
- Elastico grippante con silicone al fondo
- 3 tasche posteriori
- ICE KEY tag

# NEW IDEALE BIB SHORT

03382501100C000.I0

Fleeced thermal bib short with a long-lasting water repellent treatment. This particular treatment protects the athlete from humidity and rain.

The upper construction is renewed with the eye-catching three dimensional bi-color elastic which gives a subtle and elegant touch of color combined to softness and high elastic support. The upper back panel is made of stretch thermal fabric micro-perforated for a better breathability.

## TECHNICAL FEATURES

- Bib Short with ergonomic construction and DWR treatment
- Upper back panel made of microperforated stretch thermal fabric
- Reflective logos
- Microfiber elastic with silicone dots at leg's hem
- Bi-elastic anatomical pad
- Flat stitching for better comfort

## TECNICITÀ

- Pantaloncino con costruzione ergonomica e trattamento DWR
- Pannello posteriore in tessuto comfort stretch leggermente termico e microperforato
